

AI Career Portfolio

Introduction

I am an aspiring professional with a strong passion for AI and technology. Having completed my Google Essential AI Certificate, I have developed a solid foundation in AI, prompt engineering, and Python programming. I am highly motivated to transition my career into the AI field, where I can contribute to innovative solutions and enhance my technical skills.

Skills

- Artificial Intelligence (AI)
- Prompt Engineering
- Python Programming
- Excel for Data Analysis
- Strong Communication and Analytical Skills

Certifications

- Google Essential AI Certificate

Interests

- Cricket Analysis
- Creative Fields
- Learning and Exploring AI Technologies

Future Vision

My goal is to secure a role in the AI industry where I can apply my knowledge of prompt engineering, Python, and AI to solve real-world problems. I aim to continuously grow in this field and make meaningful contributions to technological advancements.
